

Parents we want to hear from you

The School Improvement Division of Staffordshire County Council are rewriting their school inclusion strategy and are interested to hear what parents have to say about the key things they think need to be in place to make sure real inclusion is achieved . The attached link is for a DVD, which tells parents about the strategy and key things that the school improvement team think need to be in place. If you would prefer to have a hard copy of the strategy to look at please call Karen on 01785 277965 and she will post it to you.
