Working together to improve the lives of children and young people

Sharing our Successes

Calling all practitioners who work with parents....

The sharing our successes webpage is **now live !**

In Staffordshire, we pride ourselves on the fantastic and diverse range of initiatives and support that we offer to meet the needs of all parents; because of this we wanted somewhere where we could not only share our successes but also where practitioners could share ideas of what works and showcase the work they have been doing.

This webpage has been set up to do just that!

Sharing our Successes is where you can showcase the fantastic work that you have been doing

If you have a project that you would like to share, a piece of work that you are proud of and want other practitioners to see then this is the place to show it off!

Please send no more than one A4 page detailing the work that you have done, along with links and contact details so that other practitioners can contact you to find out more, to maxine.kelly@staffordshire.gov.uk.

The details you submit will be published on the webpage to encourage and motivate other practitioners to share their successes.

Log onto the Children's Trust Website at www.childrenstrust.org.uk then go to the commissioner for parents page where you will find the link to sharing our successes

Help us to celebrate the great work that is being done with parents across Staffordshire.
