### 10. Summary of services:

Jobcentre Plus supports people of working age from welfare into work. Jobcentre Plus' aims include:

- Increase the effective supply of labour by promoting work as the best form of welfare and helping unemployed and economically inactive people move into employment.
- Provide high-quality and demand-led services to employers, which help fill job vacancies quickly and effectively with well-prepared and motivated employees.
- Help people facing the greatest barriers to employment to compete effectively in the labour market and move and remain in work.

Our challenge is to help all those who are economically inactive into work. This includes not only those people who are unemployed and claiming Jobseeker's Allowance but also those on Income Support, including lone parents, people claiming Incapacity Benefit and Severe Disability Allowance, and other income related benefit, with the exception of Carer's Benefit.
